

**PHASE 1 COLLECT THE FOOD BOWLS**

08:00 · in this order

First job of the day. Follow the order below: it matches the route, not importance.

- ☐ **COTORRAS** — parakeets **1**
- ☐ **TOUCAN** **1**
- ☐ **LAILA** — the little monkey **2**
- ☐ **NIGHT MONKEYS** **3**
- ☐ **TITÍ** — the monkey. **No bowl** : his food goes straight onto the wooden board. You also have to **hose down his cage**. **0**
- ☐ **AMAZON PARROTS** **2**
- ☐ **COCO LOCO** **1**
- ☐ **BIG CAGE** — the friendly animals. **12 feeders**: 7 up top (birds and parrots) and 5 below (rodents, pigs, bambis, rabbits). **12**
They all count.

TO BRING BACK**22 bowls**

The big cage takes longer: hose it down, clean the whole area, rake the leaves and remove the old leaves and leftover fruit or vegetables.

PHASE 2 THROUGHOUT THE ROUND

Not at the end: as you go, cage by cage.

- ☐ **WASH EACH BOWL** — on the spot, as soon as you pick it up.
- ☐ **TAKE THEM TO THE FRUTERO** — that is where they get filled with food afterwards.
- ☐ **Check everyone's water** — at every cage you pass. This is the one people forget.
- ☐ **REMOVE OLD FOOD** — every time you see it.
- ☐ **In every cage, no exceptions** : clean, rake, pick up leftover food and hose down. And take out anything that is not pleasant for the animals.

PHASE 3 END OF THE MORNING

The last two stops of the round, after the bowls.

- ☐ **TAPIR AREA** — **3 bowls**: 2 for the geese and 1 for a rodent, **4**
plus the tapir's own. Four in all.
- ☐ **LLAMAS** — fill a wheelbarrow with whatever is given that day **1**
(leaves, vegetables or whatever they hand you), take it to the llamas and leave the food there.

That is the end of the main morning round.

PHASE 4 THE AFTERNOON

from 14:00

- ☐ **14:00 · FINISH THE CLEANING** — any cages left over from the morning.
- ☐ **ASK WHAT ELSE THERE IS** — afternoon jobs change from day to day. Ask rather than wait.

PHASE 5 SECOND FEED

16:00

Four, and nothing else.

- ☐ **TAPIR**
- ☐ **DUCKLINGS**
- ☐ **GEESE**
- ☐ **LLAMAS**

After that, the zone 1 day is over.
